

Making the choice to go paperless

Provide your preferred email when you enroll in benefits

Going paperless provides easier access to your plan documents, 24/7, so you can have greater peace of mind and confidence when managing your healthcare benefits. When there's a new or updated plan document available on your digital account, you'll receive an email with a link to view the details on our **SydneySM Health** app or our website, **anthem.com**. You will get instant updates and secure access to your:

Health plan ID cards. No more waiting for your ID card in the mail. You can download, fax, or email your digital card as needed or save it to the virtual wallet on your smartphone.

Explanation of benefits (EOBs). You can review an EOB as soon as it's available, helping you stay up to date on how your claims are processed and benefits are being applied.

Benefit updates and other legal information.¹ You will be able to review important plan details so you can stay informed on how to take full advantage of your benefits.

You may also receive other email communications about preventive screenings and well-being programs that can help you take care of your health.
